INVITATION ONLY PARTY

● We have to assume the
invites for Alpine Creative
Group's 30th anniversary were
spectacular. The specialty print shop
is a favorite for celebs, including **Katy
Perry, LeBron James** and **Eddie Murphy**
(inset), who have all trusted Apline own-
ers **Steve Paster** and **Laura Leigh** with handling
their event invites. The celebration happened at the
Glasshouses in West Chelsea and was attended by
stem cell doctor **Christopher Calapai**, Botox special-
ist **Jane Scher** and event producer **Michael Cerbelli**.
